2023 Future Outlook

usacompetitions.com

  
@usacompetitions

USA Competitions is a full time events production company dedicated to producing first class gymnastics competitions.

The creation of USA Competitions is a direct result of attending hundreds of competitions, both good and not so good. We felt it was time that someone put the participants, the athletes, coaches and parents- first.

USAC President Randall Sikora is the owner of two of Florida's largest gymnastics schools -American Twisters and Twister Gymnastics of Boca Raton. Our staff understands the recipe for a great competition, with over 100 years' experience organizing, promoting, managing and running quality competitions.

Reaching New Heights

The sport of gymnastics is continuing to shine brightly all across the world. USA Competitions is honored to host athletes, coaches, judges and families from such a diverse geography and wowed by the array of talent and passion exhibited at our events. The quality of gymnastics evolves every season (even when we think it just can't get any better.) This is a testament to the dedication of the athletes and coaches to our spectacular sport.

USA Competitions is eager to launch into our 2022-2023 competitive season to see the progress of the athletes, share our time with old friends and meet our new gymnastics friends for the first time.

USA Competitions thanks you for your continued support of the sport we love. We look forward to reaching new heights next year and would not be able to accomplish these goals without your support.

Randy

Premier Events. Incredible Gymnastics. Unforgettable Experiences.

USA Competitions is looking forward to a busy and exciting 2023 season with the additions of the Women's Level 8/9/10 Florida State Championships, Women's Xcel Regionals and Men's Eastern Championships.

In 2023, the Presidential Classic in Orlando will once again be a qualifier for the prestigious Nastia Liukin Cup.

We look forward to welcoming every gymnast, coach, team, parent and partner to join us.

The future is looking brighter than ever.
